Assembling ignition coil

Pass high-tension lead (a) on ignition coil through rib (b) on cylinder cover as Fig.1.

Ignition coil (A) parts number is either of follows;

A411-000450
P100-008870
P021-038360
P021-044000

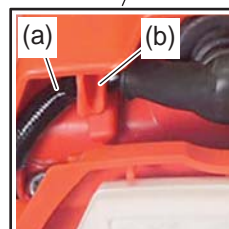

Fig.1

NOTE: When assembling ignition coil, refer to Fig.1.

If not assembling ignition coil as Fig.1, there is a risk of wear the high-tension lead (a) of ignition coil because of vibration.
